ABOUT US

General Business Activities: Savino-Hawler Company has been established as an importing and distributing company in the Kurdistan Region. Our traditional business model is based on distributing pharmaceutical products, food supplements, OTC, and medical devices in the Kurdistan and Iraq markets, including all 18 governorates of Iraq and the Kurdistan Region. Our company's sales are expected to be nearly \$37000000 per year depending on the variables that are factored in with investments in the pharmaceutical industry, and our net financial capital is \$50 Million and growing. In addition to pharmaceutical investments, the company has invested portions of its assets in conducting extensive marketing campaigns to promote, introduce, and market our products in all governorates and territories mentioned above.

OUR TEAM

MR.HASAN QADER

Savino Company's Founder & CEO

MR.AHMED BARZINJY

Business Development Director @Savino Company.

Savino's team has a strong desire to do the right and best things to deliver the promises that they make to the partners at all phases of their business and to ensure the highest levels of customer satisfaction with frequent interaction and follow-up to inform the customers of new products, generics, and special offers along with valued services and strategic plans. Their dedication and hard work have allowed the company to attain a position of respect and reputation in the market; owing to their efforts and creative approach, we have continuously progressed towards developing and expanding our business. It is worth mentioning that Savino's staff consists of more than 100 employees in all parts of Iraq, distributed in various departments.

OUR QUALITY

At Savino Company, quality is the essential element of their strategy; all of the company's structures are involved at different levels in the quality of product processing in every phase, from placing the order, transportation, and warehousing to distribution. Altogether, it is to pave the road for achieving excellence in customer-driven strategy. We have a successful portfolio and a wide range of pharmaceutical dosage forms, many of which are leaders in their respective therapeutic areas, including women's health, oncology, neurology, dermo-cosmetics, dry powder, liquids, injections, and food supplements. All these medicines are sourced from some of the most reputed and reliable manufacturers in The pharmaceutical industry.

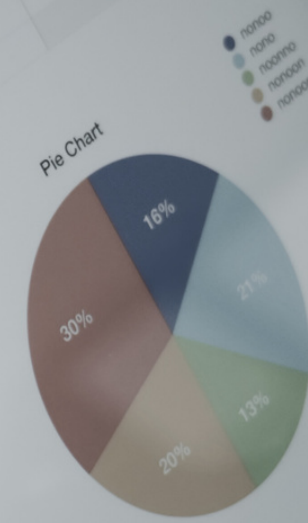

Column, bar, and pie charts compare values in a single category, such as the number of products sold by each salesperson. Pie charts show each category's value as a percentage of the whole.

OUR ADMINISTRATION

We have three main offices in Iraq: Savino Co. in Erbil to cover all the cities in the Kurdistan region, Diar Drug store to cover Sulaimaiya governorate and all the towns around, and a Scientific Bureau in Baghdad to cover the rest of Iraqi cities, along with an exceptional distribution and marketing team for each company products separately and cover all the corners of Iraqi market territories. To strengthen our team, we selected the most qualified expert pharmacist in regulatory affairs to facilitate and be capable of coping with the ever-changing nature of requirements of registration and approval of products and manufacturing plants in both the Ministry of Health (Baghdad & Kurdistan), all this is supported by maintaining influential and robust professional relationships with both mentioned ministries of health and regulatory board to ensure that all local requirements and regulatory affairs are met promptly.
